

Clinical Coder – Full or part time position

Location – Sydney Adventist Hospital

A full time or part time Clinical Coder position has become available within Adventist Healthcare Limited (AHCL).

AHCL consists of a number of entities including Sydney Adventist Hospital, Dalcross Adventist Hospital, San Day Surgery Hornsby, and San Diagnostics & Pharmacy. Operating as an acute-care facility with over 550 licensed beds, Sydney Adventist hospital is the largest private hospital in NSW.

AHCL is proud of our new state of the art Medical Records facility. Continuing education is an integral part of the department's program.

Essential criteria:

- Completion of medical terminology and clinical coding qualification through HIMAA or OTEN or a Health Information Management Degree
- Minimum 2 years coding experience in a tertiary level hospital
- Experience using 3M Codefinder
- Ability to achieve deadlines
- Well organised and ability to prioritise workload
- Good communication and interpersonal skills
- Ability to work both in an unsupervised environment and within a team.

Desirable criteria:

- Experience with electronic medical records
- Training in ICD 10AM 9th edition.

Enquiries and applications addressing the selection criteria and including full curriculum vitae should be addressed to either of the below by 31 March 2017.
