

## **Nurse Unit Manager Level 2 - Instrument and Circulating - Operating Theatres (Full Time)**

### **Location: Sydney Adventist Hospital**

Would you like to join a successful theatre team within a hospital that is renowned for its excellence in all areas of health care? Is being a part of a theatre team that values your experience, offers education opportunities and has access to most surgical specialties important to you?

Sydney Adventist Hospital (division of Adventist HealthCare Limited), the largest acute care private hospital in NSW, with 524 overnight beds and 19 operating theatres, is seeking to appoint an Instrument and Circulating Nursing Unit Manager, who reports to the Operating Theatre Manager.

As part of the Perioperative Management team you will be involved in the further development of a culture that demands commitment to quality, safety and patient focused care, utilising best clinical practice. The successful candidate will have responsibility for the daily operational management and staff allocation of the Operating Theatres focussing on maximising operational efficiency and ensuring provision of the highest level of patient care. The role is responsible for matching nursing staff and fiscal resources to meet the needs of our patients and Accredited Medical Officers. There will be a key focus on strategic rostering and staff development co-ordination.

### Essential Criteria:

- Registered Nurse with current AHPRA registration
- Minimum 5 years Perioperative Nursing experience
- Post graduate qualifications in Management or working towards same
- Demonstrated high level of Perioperative clinical knowledge and skills
- Previous experience in a management or leadership role
- Proven ability to work both independently and collaboratively as part of a multi-disciplinary team
- Demonstrated leadership, negotiating and interpersonal communication skills
- Flexible work practices to meet changing needs with the ability to prioritise workload in line with competing demands
- Demonstrated professional manner when working within complex situations
- Ability to promote a positive approach to change

### Desirable Criteria:

- Previous experience in the rostering and allocation of nursing staff
- Previous experience in Perioperative equipment and recourse management
