

Professional Recognition Program

Advancing Nurses/Midwives in Clinical Practice

The **Professional Recognition Program** is the first of its kind in any NSW hospital. This program is specifically designed for Registered Nurses/Midwives and Enrolled Nurses (Medication) employed by Adventist HealthCare Limited. The **Professional Recognition Program** is designed to reward and recognise Nurses/Midwives who provide excellence in patient care. Each stage of this program provides **recognition** and **reward** for attainment of a higher level. Registered Nurses/Midwives and Enrolled Nurses (Medication) at Adventist HealthCare Limited are valued for their level of expertise and are recognised for their contribution to providing the best care possible to our patients. In this way we continue our mission with *Christianity in Action – Caring for the body, mind and spirit of our patients, colleagues, community and ourselves remaining our community's favourite private hospital.*
