

Mechanic/Fitter (Full Time) Engineering & Maintenance

The Sydney Adventist Hospital Engineering and Maintenance Department is currently seeking a highly organised and motivated person to join our team in the Mechanics Workshop.

The accountabilities of this role will include but are not limited to:

- General maintenance repairs beds, trolleys and other equipment.
- Inspection and routine maintenance of plant rooms and equipment, including replacement of bearings, seals etc.
- Routine checking and maintenance of pools as per department procedures
- Maintain workshop and plant rooms in a tidy and safe manner to WHS requirements.
- Carry out preventative maintenance , repair works and assist other trades as requested by Works Coordinator or Director Engineering Services

You will also be dealing with department, hospital staff and contractors on a daily basis covering a wide range of tasks. This position is full time working 5 day/38hrs per week position.

Essential

- Ability to work as part of a team or independently
- Hold a current trade certificate.
- Experience as tradesperson.
- Willing to complete additional training as specified

Desirable

- Current NSW driver's licence.
- Welding experience
- Previous experience preferred in a similar role.

For further information or to submit an application please contact Larissa Gredig Maintenance Administration and Project officer larissa.gredig@sah.org.au or phone 02 9487 9362.

Applications close Friday 8th March 2019
