

Carpenter (Full Time) Engineering & Maintenance

Location: Sydney Adventist Hospital

The Sydney Adventist Hospital has an exciting opportunity available to work within the Engineering and Maintenance Department.

We are currently seeking a highly organised and motivated person to join our maintenance team in the Carpentry Workshop. This role will involve general repair work to cabinetry, door furniture, and urgent repairs as required. You will be dealing with the department, hospital staff and contractors on a daily basis covering a wide range of tasks.

This position is full time working 5 days/38hrs per week.

Essential:

- Ability to work as part of a team or independently
- Hold a current trade certificate
- Experience as tradesperson
- Current NSW driver's licence
- Willing to complete additional training as specified

Desirable:

- OHS Construction Induction Certificate (white card)
- Availability to be on-call one (1) week per month
- Previous experience preferred in a similar role

Enquiries regarding this role can be addressed to:

Brian Hudson, Works Coordinator - Phone: 02 9487 9361 Email: Brian.Hudson@sah.org.au

Please forward your application, including a CV and cover letter addressing the selection criteria to:
Larissa Gredig, Maintenance Administration and Projects Officer - Email: Larissa.Gredig@sah.org.au

Applications close: Friday 9 March 2018

We look forward to hearing from you.
