Reporting to the Director of Pharmacy, you will be responsible for managing all aspects of the Clinical Pharmacy Service including audit, reporting, training, rostering and professional development. The role of the Chief Clinical Pharmacist is to ensure the Clinical Service adheres to all best practice standards, and provides exceptional quality pharmaceutical care to patients.

The successful candidate must have management and business experience, be highly organised, self-motivated, able to work autonomously, friendly and enthusiastic.

Essential:

- Registered Pharmacist authorised to practice by AHPRA
- Demonstrated prior experience as a Hospital Pharmacist possessing advanced clinical reasoning skills
- Demonstrated effective communication, organisational and interpersonal skill.
- Demonstrated ability to work effectively as a member of a multidisciplinary team
- Proven capacity to organise a complex workload during periods of high demand and actively.
- Demonstrated advanced leadership skills
- Demonstrated commitment to own personal and professional development.

Desirable:

- Experience of a varied range of pharmacy practices
- Experience in change management
- Demonstrated involvement in research and quality improvement activities
- Demonstrated commitment to quality improvement, patient safety and risk management.
