

## General Medical Practitioner / Career Medical Officers

- Sydney Adventist Hospital
- Flexible shift patterns to include weekend and night shifts
- Full time or part time opportunities available

Sydney Adventist Hospital, also fondly known as the San, provides exciting opportunities to work as a general medical practitioner or career medical officer covering the wards or the intensive care unit in our 550 bed acute care facility.

The San is a tertiary referral hospital and is the largest private, not for profit hospital in NSW, working closely with public hospitals including Royal North Shore Hospital. The hospital has recently been extensively redeveloped and is now an outstanding facility with 550 beds, an extensive suite of operating theatres and a state of the art ICU with first class facilities and a great team of medical, nursing and allied health staff.

We are looking for general medical practitioners or career medical officers with ICU and ward experience. You will be working 12 hour shifts rotating to ward or ICU locations with the opportunity to see a diverse and interesting mix of cases, including emergency and elective cardiothoracic and neurosurgical patients and acute medical patients admitted via the emergency department.

Applicants must be at least 4 years post-graduation with at least 1 year of solid ICU experience. Salaries are commensurate with years of post-graduation experience. Hourly rates are negotiable to reflect qualifications and experience.

For further information, please contact Dr Catharina De Muelenaere, Director of Medical Services on 61 2 9487 9537 or [Catharina.DeMuelenaere@sah.org.au](mailto:Catharina.DeMuelenaere@sah.org.au)
