

# San Radiology and Nuclear Medicine Breast Imaging Specialists

**Dr Christine Shearman**

B.Med (Hons), FRANZCR

**Subspecialty Interests:  
Breast Imaging & Intervention**

**Christine Shearman** studied medicine at the University of Newcastle, NSW and completed Radiology training as a registrar at Royal Prince Alfred Hospital, NSW. She spent 18 months as a Senior Registrar in Body Imaging at Hammersmith Hospital in London and a year as a Fellow in Bone and Joint Imaging at the University of Iowa Hospitals and Clinics in America.

She has since worked as a radiologist in both public and private hospitals, in private practice and in Breastscreen NSW. For over a decade she has been an Examiner for the Royal Australian and New Zealand College of Radiologists.

Christine joined SAH as Supervising Radiologist in Breast Imaging in February 2018 and undertakes all aspects of Breast imaging including 2D and 3D mammography and tomosynthesis, ultrasound, CT and MRI, as well as procedural work with image guided biopsy and localisations. She is an active participant in the Breast multidisciplinary meetings and Breast Research Group at the San, and is focused on the development of personalised breast imaging for women attending the San.

**Dr Zoe Barker**

MBBS (Hons 1), FRANZCR

**Subspecialty Interests: Breast Imaging  
& intervention. General Radiology**

**Zoe Barker** Graduated from Sydney University in 1995 and completed her Radiology training at The John Hunter Hospital in Newcastle. Zoe completed a fellowship in Breast Imaging in Newcastle which included working at Breastscreen as well as undertaking diagnostic breast imaging, high risk breast screening and MRI.

She continues to work in Newcastle as a Senior Staff Specialist radiologist and is the Director of Breast Imaging for Hunter New England. She is the Designated Radiologist for Hunter New England Breastscreen which includes a regular commitment to Tamworth Breastscreen clinics.

Zoe has worked in private practice radiology. She joined the San Radiology team in 2017 and is dedicated to providing personalised breast imaging service.

# San Radiology and Nuclear Medicine Breast Imaging Specialists

**Dr Yang-Yi Ong**

MBBS (Hons 1), FRANZCR

**Subspecialty Interests: Breast Imaging  
& Intervention. Body Imaging**

**Yang Yi Ong** is a radiologist who graduated with First Class Honours from the University of Sydney and completed her Radiology training at Concord and Westmead Hospitals. She completed a subspecialty fellowship in Breast and Body Imaging at the University Hospital Network in Toronto, Canada in 2007.

She has a passionate interest in Breast Imaging and Body Imaging, working primarily in these subspecialty areas. She was responsible for setting up the Breast MRI service at Concord Hospital in 2009. She is currently a Clinical Lecturer at the University of Sydney and the Director of Training at Concord Hospital where she is a staff specialist.

Yang Yi joined Sydney Adventist Hospital Radiology in 2017 where she is involved in all aspects of Breast Imaging, including 3D mammography and tomosynthesis, ultrasound, CT, MRI and image guided biopsies.

**Dr Mandy Baillie**

MB.BCh FRCR FRANZCR

**Subspecialty Interests:  
General Radiology &  
Women's Imaging**

**Mandy Baillie** completed her medical training in South Africa and her specialist training as a Radiologist in Auckland, New Zealand. Dr Baillie became a Fellow of the RANZCR in 1998, and commenced her career at Northshore Hospital in Auckland.

In 2002-2003, Mandy completed a Fellowship in MRI at Auckland Hospital, which included Musculoskeletal, Body and Neuro MR Imaging.

Mandy relocated to Australia in 2007, joining the San Radiology Radiologist Team, as well as being a Staff Specialist at Gosford Hospital.

Mandy has subspecialty interests in General and Emergency Imaging, Women's Imaging and MRI.
